

# SCORERS CLINIC

There will be a scorers clinic at the Kitchener Auditorium on Tuesday June 17th at 7pm for any one who might be interested in scorekeeping at the upcoming ISC World Fastball Championships this coming August 8th to 16th.

The clinic will start at 7pm in the lecture room at the Aud. Sheila Brown is the instructor.

You will learn how to keep a good and understandable record of any ball game, from Major League Baseball to church league 3 pitch softball.

And you can raise some money for a local community group by volunteering at the ISC World Tournament being held in August right here in Kitchener.
